I The Executive Engineer
moved the Board to reconsider
the question of the maintenance

of the portions of high Roads lying within the Municipal Limits alluded to in the 4th para of the proceedings dated 11th July last, viz, part of Bangalore-Mangalore Road from the Bridge to Siginhalli and of Bangalore-Honnavar Road from the Bridge to the Kumsi junction, extending over about three miles in all. The President seconded the motion and observed that in other large places such Roads have as a rule been maintained from Municipal Funds.

Remarks by the P

On a full consideration the Board find that there is no other alternative than to take up those Roads and agreeing with the President resolve that the grant of 450 Rupees at the rate of 150 Rupees per mile be sanctioned from the Municipal Funds. The Executive Engineer kindly undertook to have them kept up by his departmental agency as hitherto, receiving the maintenance allowance for

I The President suggested that the services of the former Karnatic Karnam and Accountant could be dispensed with. All the Sheriff and Jaffna in according the proposal submitted that the present staff of Town Kolkars is quite inadequate for the proper collection of Octroi duty and that these Karnatic may be taken on as additional Kolkars.

Carried Unanimously with the observation that with the right Kolkars and Mutsaddi there should be no room for smuggling under strict supervision.

III The Vice President mentioned that there are 3 wells in an incomplete state in the Town, viz, 1 Mathada Bhavi near the Market Road and 2 in Sivan Appan Kappal Street.

(a) The Board Unanimously agreed to the completion of the first well to be changed into a drawing well for which the necessary quantity of stones was

has already been collected.

(b) With regard to the other two wells Mr. Subrahmanyam proposed that both should be closed as with the existence of the River for the Town and wells in the backyards of houses there is no necessity for such public wells

Mr. Mojappa seconded by Mr. Ramaprasad Sivare proposed the construction of one of the wells as so far at when so much work has been done in sinking them it will be a pity to abandon them and spend money in filling them up. (Reservoirs are always welcome) and the water from both places is already very largely used in its present state.

Owing to the difference of opinion the President put the proposition to the vote and the Motion of Mojappa was carried by a majority of eleven members against five, the former including the Executive Engineer, President and the Civil Surgeon.

It was further resolved that the

The new Overseer should at once submit Estimates for this and the other works proposed and sanctioned by the Board at this meeting and on their being brought to the President he will apply for the permission of Government to carry on the works out of the Savings, even though they have not been included in the Budget Estimates.

the larger of the two should be completed and the other filled up or given up to the owner of the ground for being completely done up.

It should be ascertained whether this work could not be done better and more cheaply at the Jail Manufactory. A list of the Names should be prepared at once

IV The President proposed that the Names of the Streets in the Town should be written up on sign Boards in English and Kanarese as is done in other municipalities, as in their absence much inconvenience and confusion are occasioned.

Carried Nem-con- and resolved that the Surveyor will lay before the Board at the next Meeting, a statement of the Names of all the Streets and an Estimate of the probable Cost of the Boards and of the painting of the Names.

V Read Statements of Receipts and Expenditures from 1st April to 31st July 1864, and on them being passed the Vice President proposed that Messrs Mugnad Shamanna and Subbarayadyer be deputed to check and audit the accounts

every month before being passed by the Board.

These members having consented to kindly render their services in this behalf, the Board unanimously approved of the proposal and resolved that the examination should be begun anent the difference of somewhere about 900 rupees in the balance at their credit between the Municipal and Teasing accounts.

Clerks' Shanmuga and Subbarayadyer's report this most important matter is awaited with interest. A separate copy of this resolution should be officially to them.

VI The Vice President suggested that the plots for the erection of new dust-bins be determined to enable the Contractor to commence with the work. The Board are of opinion that no new ones are required just at present.

Have the old ones been begun to be rep

VII Read Shimoga Huildar's Tellam No. 544 dated 30th July and petition from Sesha Kakkar, Sanskrit School Master, requesting that the sum of Rs. 19. now raised from private subscriptions be converted into a grant from the

The President observed that a proposal for a similar grant at the Chittagong Municipality was not approved by the Board; and on motion duly made and passed it was resolved that the request of the Subscribers and that subscriptions are regularly paid.

The Board resolved that that the petitioners request cannot be acceded to.

III Read Chittagong Municipality's letter No. 96 submitting an estimate for the repairs of the Cattle pound for Rs. 105.

The work required is of an apparently ordinary nature, and the President kindly promised to inspect the spot tomorrow morning with the Executive Engineer and pass orders for the execution of the repairs immediately.

The new Overseer will be able to shew his capacity and fitness for his new duties by at once carrying out these repairs cheaply and well.

Mr. Vaghaiker has now recommended one Ganesh Rao, who should be appointed to officiate and his fitness for the post ascertained.

IX Read two applications for the post of Municipal Overseer.

Resolved that they be sent to the Executive Engineer who will kindly recommend

the applicants who may present themselves before him on a certain date be fixed by him.

XI Read petition from Yadupati Kuchchachar of Krishnarajapuram requesting that a piece of ground attached to his Compound and now in the occupation of M. Seshan be ordered to be restored to him as he is put to much inconvenience without it to go to the River, &c.

Resolved unanimously that the Vice President will kindly visit the spot in Company with Mr Sulebayer and give his opinion thereon at the next Meeting of the Board.

Has this been done by the Vice President

XII The Executive presented a revised Estimate for Rs 320/- for the Repairs of the roofing, &c, Market Stalls.

should be forwarded to Government and the work which is necessary should be pushed on with in anticipation of sanction.

Unanimously approved and sanctioned Rs 90/- in addition to Rs 230/- previously granted.

XII The Civil Surgeon, who was asked his opinion as to the advisability of having recovered Latrines in the Towers, (Vide para 9 of the Proceedings of the 11th ult), stated that roofed Latrines are preferable in every respect.

After hearing the arguments adduced in support of the above opinion, the Board are unanimous in resolving that the Latrines should be allowed to remain as they are.

Copy to be forwarded to Civil Surgeon, who should be asked to send an early reply to President's Docket No. 919 dated 6th September 1884.

XIII Proposed by the Civil Surgeon and seconded by the President that as cholera broke out a short time ago not far off from the Shivaganga Taluk and is still in existence in the Country, it is just as well to keep on hand certain disinfectants to meet any

emergency

Emergency without waiting for its actual appearance amidst us.

Carried Nem-convand Resolved that the Civil Surgeon be authorized to send for the necessary quantity and submit his bill of the Cost for payment.

XIV Proposed by Mr. Subraya Hegde that, as there is reason to fear that residents have been encroaching upon Municipal lands, buildings of new houses should be required to obtain Licenses from the Municipal authorities.

The President seconded the proposal as securing the interest of the Board, and observed that before passing it into a Resolution the bye-Law in force in Bangalore on this point be obtained and sanction of the Local Government applied for, if

of necessary. But meanwhile the proposition may be published to the Town people by beat of tom-tom and warning.

The Board unanimously approve of the suggestion with the amendment.

XV Mr. Macnaghten brought to notice that the state of the drainage in the Town requires early attention and that the northern bank of the River near Siddhakatte is gradually being washed and is drawing nearer and nearer the houses as well as the road to Kirthalli.

The President stated that himself and the Executive Engineer) have already arranged to go round and hold an inspection of these spots with a view to the preparation of the necessary projects.
